## Professional Profile

Third-year Information Technology and Web Design student at STADIO Higher Education with a strong passion for software development, networking systems, and analytical problem-solving. Demonstrates solid hands-on experience in programming, web application development, and IT fundamentals. Recognized for adaptability, collaborative teamwork, and commitment to continuous professional growth. I am motivated to apply academic knowledge within practical, real-world technical environments.

## Education

**Bachelor of Information Technology and Web Design (BITW) | 2024 – Present**

STADIO Higher Education

**National Senior Certificate | 2023**

Westering High School, Port Elizabeth

## Work Experience

**Web Designer / Web Developer (Freelance) | Jan 2024 – Present**

• Design, develop, and deploy client-facing websites using HTML, CSS, JavaScript, GitHub and modern development practices.

• Build and manage websites manually using Visual Studio Code and deploying them to hosting environments.

• Engage directly with clients to gather requirements and deliver customized, high-quality digital solutions.

**Business Manager | Fresh Laundry, Port Elizabeth | Apr 2019 – Jul 2021**

• Managed customer enquiries, pricing quotations, and overall client relations.

• Coordinated daily operational tasks and allocated responsibilities to staff to maintain workflow efficiency.

• Delivered consistent customer satisfaction through professional communication and effective issue resolution.

## Additional Experience & Training

2024: Java Development, HTML, CSS, JavaScript, and Adobe Graphic Design Skills – STADIO Higher Education.

2025: Database Design using MySQL, SQL Server Management Studio, and phpMyAdmin – STADIO Higher Education.

Current: Kotlin Application Development (Android Studio) and WordPress Development.

Personal experience (self-teaching): Python Programming & Project Development.

## Skills & Competencies

• Problem Solving: Ability to identify challenges, evaluate multiple solutions, and implement the most effective outcome.

• Leadership & Teamwork: Experienced in leading small teams and clearly communicating task requirements and offering guidance.

• Communication: Skilled in delivering clear, professional verbal and written communication, including formal presentations.

• Customer Service & Conflict Resolution: Proven ability to de-escalate issues, manage client expectations, and maintain strong professional relationships.

• Presentation Skills: Confident presenter with experience explaining technical and business concepts to varied audiences.
